

PROFILE

I am a knowledgeable IT manager that oversees technology, instructs and leads IT staff members in support of hardware, software, and networking infrastructure. I can also actively work with executives to determine and implement tech needs. I am also a Creative React Developer with 2 years of experience in designing useful, approachable user interfaces. Therefore, am knowledgeable on most of Facebooks design best practices and emerging Ui development techniques thus am skilled at connecting exceptional assets with users via creative UI frameworks and careful user experience optimization
